

Military & Veteran Success Center March 2018

Student Veterans Receive Priority Registration

On 21 February, UNL approved that all student veterans that are either a military veteran or serving in the active-military, reserves or national guard will receive priority registration when registering for classes. Because of circumstances outside the control of our student veterans, i.e., military assignments, deployments, training, and time limitations placed on utilizing educational benefits, this service will begin in March 2018. Additional informational will posted on the MVSC website.
